**“Dream Deferred”**

Saturday, May 7, 2016 | 11 am – 2 pm  
The Palace, 109 N. Black Horse Pike, Blackwood, New Jersey

The Power To Be Tea serves as an anchor activity of A Woman's Business, an international outreach to mobilize dynamic women of all faiths, cultures, professions, generations and perspectives to build a platform that restores the image of women around the world and returns us to a position of prominence. Featuring women representing media, business, politics, non-profits and home, the Power To Be Tea seeks to highlight how women are perceived around the world, address the many ways we are underrepresented and misrepresented and showcase the impact we can have when we unite our voices, hands, feet and money to address causes of interest to and affecting women. Following the discussion, we present our annual **LeadHER** award, recognizing an individual who in our eyes is about A Woman's Business to change the perception and restore the position of women around the world.
